### **Introduction**

Welcome to the Harrell's Hardy Plants website.

We are a small nursery growing plants, mainly perennials, on a small scale. However the plants we sell are not small as we don't send out our plants as plugs, most are in 11cm pots, some bigger and rarely, some smaller in 9cm pots.

Our plant list isn't the whole story as we have other plants, some we are building up stocks of, others stock plants either in the nursery garden or in pots. Yet others that have been added throughout the year, this is especially true of our hemerocallis range.

If there is a hardy perennial you want but can't find, do e-mail us - we may possibly have it!

All our plants grow in ordinary garden soils in sun/part shade unless otherwise stated and most can be seen growing in the nursery garden

### **Visiting the nursery**

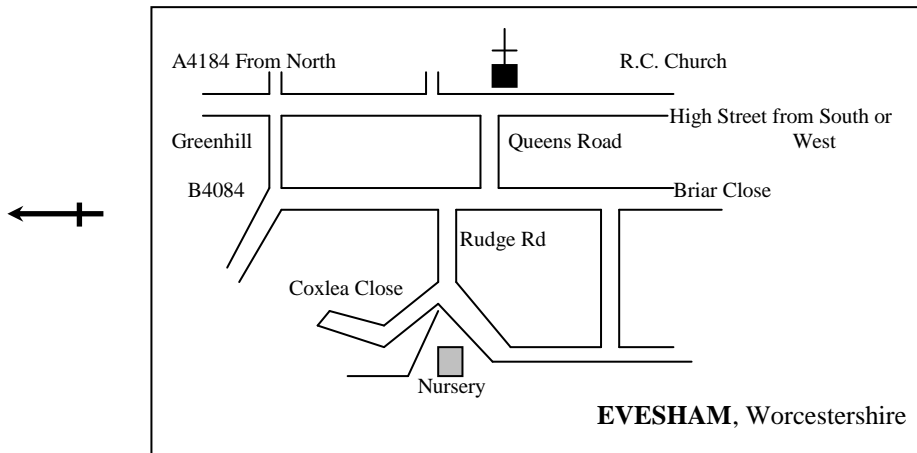

We welcome visitors, individually or in groups to our nursery and garden at any time by arrangement. Please call one of the above numbers to arrange a mutually convenient time.

**Directions:**

If entering Evesham from the north, follow the A4184 down Greenhill, over the railway bridge, then turn right onto Queens Road (Opposite the Roman Catholic Church).

If entering Evesham from the South or West, head towards the town centre (High Street) and turn left onto Queens Road (Opposite the Roman Catholic Church)

The Nursery is approached via a short narrow lane parking space is available.

## MAIL ORDER

We are now mainly using carriers for our mail order service as they appear to us to offer prompt and reliable service at a reasonable price. We will give individual quotes for p&p for each order rather than a blanket cost, thus ensuring that you pay only for the plants you order.
